Dear C-Span-

I was so cross and now I'm mad. Brian just said you have to say which of the three lines you are. What a Joke!!!

Since you changed the lines the Conservatives are still using all 3 lines. They are either Cons. Lib - Cons. - or Cons Mod. It seemed so much better when you had the other 3 lines.

Also when you have such a harsh - hateful - person as Ann Colter - it's pretty hard to sit and ~~hear~~ ^{hear} no balance. When she's on other shows, I don't watch. But I just had to wait and see if not one call

was for Pres. Clinton. And I know there are Christians that are Democrats because I am one. And I was a Republican till 6 years ago and its because of people like Fran that I no longer am one.

Drea was really enjoying all the bashing - when she stated firmly that he had no real say in the office - he just left her go on & on. When a Democrat called they would let her go on only after one question and make them wait till she was good & really ready to finally shut up. I sure wish she would wear a hair barret -

she's annoying enough -
but her pushing her hair
back every second was
really annoying.

Please have more
balance - it's alright to
have Ann - but please
have a balance there
to quiet her a little.

I would say the same
if it was a Democrat
but Democrats aren't

as hateful. The Liberals
don't call in on all lines -
the Conservatives are afraid
they are going to loose.

Just because they get in
all three lines - just
remember there is a silent
Democratic majority.

Thanks

As soon as Ann went off
and you opened phone
lines, other's got in. Seems
you screened the calls
favoring Ann - I sure
hope you folks are
fair. It really concerns
me.

I don't expect special
treatment but equal treatment.
This morning I feel every
one that called were Cons.
They would ask one question
then go off being silly.

Please have one of each
on show.

Gpa doesn't know how
to speak a kind word.

How come we didn't
get her address - could
you please see that I
get it - I need to tell
her to soften up.
