Dear C-SPAN:

I'm mopping the floor of my ^{fa} ^{ral}
route three in Clermont County, OH shift F9
evening news in MOSCOW, RUSSIA. end record 2!
Keep it up. I want to view the
around the world. Thank you,

While I'm at it, I watched
admit that the Warren Commission
"assassinate the investigation" of John Kennedy's
murder on C-SPAN. I've been an atheist for
thirty years, but that almost brought me back to
believing there is a God.

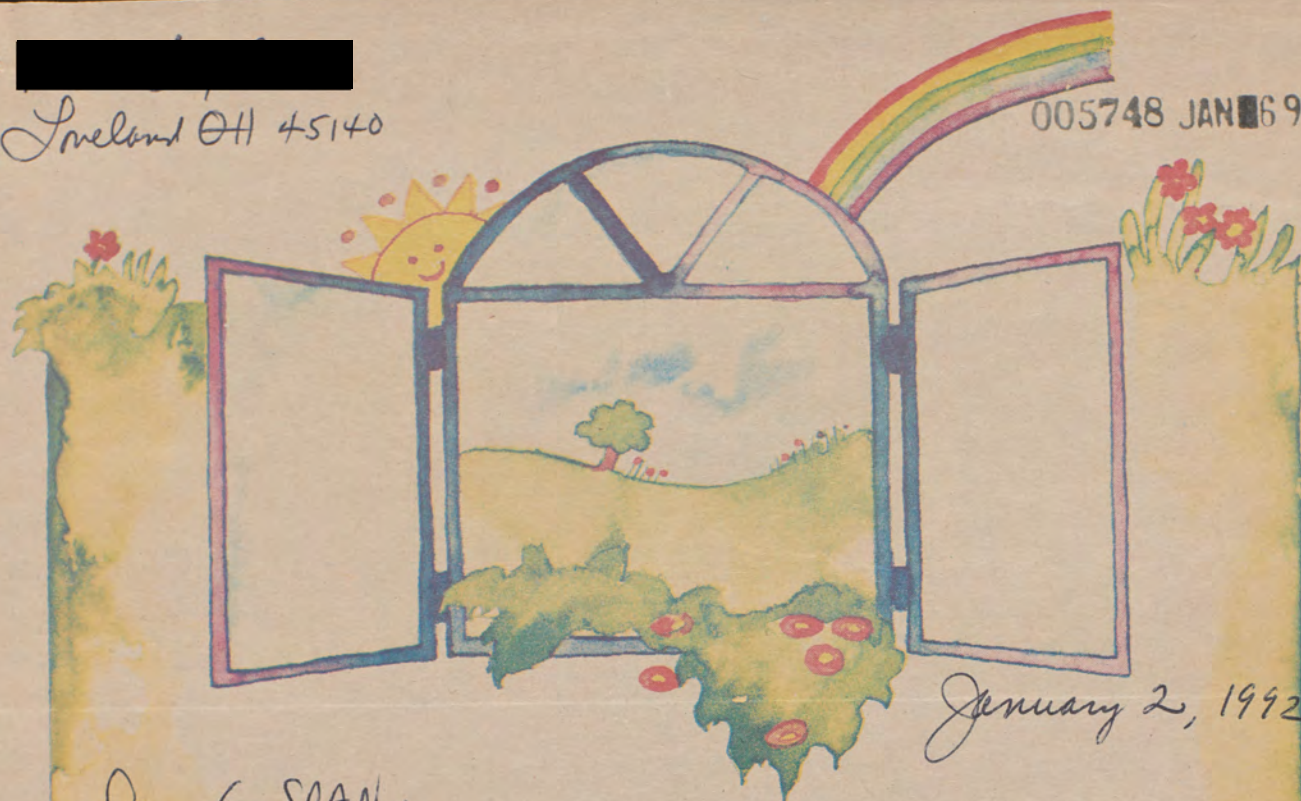

I'm afraid to turn your channel OFF for fear I'll
miss something. Grateful,

Dear C-SPAN:

I'm mopping the floor of my kitchen here on rural route three in Clermont County, Ohio watching the evening news in MOSCOW, RUSSIA. What a thrill! Keep it up. I want to view the evening news all around the world. Thank you, thank you.

While I'm at it, I watched Arlen Specter admit that the Warren Commission was formed to "assassinate the investigation" of John Kennedy's murder - on C-SPAN. I've been an atheist for thirty years, but that almost brought me back to believing there is a God.

I'm afraid to turn your channel OFF for fear I'll miss something. Grateful,
