Dear Mr. Lamb:

I am a subscriber of Paragon Cable in Orange County, Calif. Paragon has shifted C-SPAN I to late night viewing (10:00 PM to 6:00 AM). As most normal people are sleeping during this time slot, Paragon has basically cancelled C-SPAN I out.

I find the shift very disappointing as I can no longer view your excellent programs. I hope you can do something to bring back normal C-SPAN I viewing.

Regards,
