Dear Sir,

I am a Gambian staying in Sweden. I was
all the time watching at your 1988 national Convention
on Sky channel.

I really enve Americans the way they elect their
leaders. In fact American politic has great influence on
world history. I believe if every Country is doing politic the
way you are, the whole world would unite.

Can you kindly send me some of your badges,
news papers, books or anything that tells me more of
American polit politic.

Yours faithfully
