Dear C-Span,

you have brought to me many subject matters of reality and informative matters I hardly knew very little of. I prefer truth to imaginative entertainment. I have had only had a High School education and all through my lifetime my beliefs have been Democracy. C-Span has taught me America is free, America is as well represented, equally and justly by the most articulate, most intelligent in their political field as humanly possible can ever be achieved.

The American Public elects the individuals from all walks of society and the accomplishments they reach can never be paid for in terms of dollars and cents for their love of country and service to Americans is sincere and devotion to country is paramount.

C-Span may have some dull spots at times that are boring but 90 percent of the time it is truth and reality at its best. C-Span brings you Pro and Con on many subjects that I was ignorant upon. Most of the people we hear and see are the people who have dedicated their lives to being the watchdogs and guidelines of Policy for the people of America and to the repercussions of the world.

I am thankful to C-Span for bringing their programming to me in my twilight years. I respect and admire and thank the participants on your program for their job well done.

My heartfelt gratitude,
