

C-Span

Washington, D.C.

Dear Editors,

Let's see if we can peer through the swirl of hype and spin propaganda which serves to pose as a political campaign/as presented to us by the miracle of modern media. We are supposed to accept the situation as the TV controllers who now totally control the process want us to see it. What's new!

No more league of women voters in charge. Your buddy georgy scuttled their hash four years ago..Now everything is in the hands of the big boys!

Whenever BUSH or the big government powerhouse behind the Potomac's anti-american moat wants the mainstream media overseers and manipulators of opinion to seize on the emperor's news-spin agenda of diversion and deceit the C-Span crowd climbs on board with guns blazing. Your right wing accomodaters and media menials not only enter the fray on the side of imperial aristocratic pro-bush militarism with enthusiasm but with a vengeance in selling the white house's latest fable of the week, usually intermingled with hokum and diversionary slander..

Too bad C-Span couldn't be simply a neutral medium in showing us the congress instead of being a key operative in the reactionary party's constant campaign of hysterical mudslinging and that barrage of propagandizing attack-"JOURNALISM" aimed simply at muddying the debate and destabilizing whatever small gains the congress might be able to make for the benefit of all of us!

Your stance is ALWAYS so snidely and often not even subtly partisan and pro-bush, and terribly regressive/always, always pressing for a right wing agenda by using your networks in a corrupt and criminal manner. You betray your trust.. NOW tell us that Lamb is NOT an old pentagon-CIA man !!He's an old hand at their peculiar brand of low intensity psi-war smokescreen agit-prop, selected specifically because he could be trusted to maintain the proper slant and twist on these dangerous propaganda channels.. The way you work in concert with the rest of the bushmedia is shamefully and pathetically obvious. You do not even seem to try to hide it. Perhaps you really believe that because the big brother baloney of CNN republican party-HQ bias can fabricate their polls any way they want them to come out that you have a have all the people buffaloed.. You will find out that everything is not as cut and dried out here in the trenches as your mentors would have you believe.

Your bias can go unmentioned because your rich, powerful, fascist friends control the media but that is necessary for them to stay in control. Actually the situation is out of their hands on a democratic level so that they must resort to a total stranglehold over the TV media. They are frightened of the real situation and are desperate to stay in power lest a new regime come in and indict all of them!

As soon as one of your phony spin agendas is burnt out and the big business hireling media switches to the next big lie of the next week, C-Spanners are right there, pushing the agenda and playing out the liar's game.. The way Mr. Lamb so boldly

plucks out one right wing, slanderous gem after another out of his terrible choice of so-called papers and mags - always forces one slant and one slant only. He is a rotten and pathetic little propagandist with absolutely no redeeming conscience or credibility. He's simply a grubby little axe wielder like the political assassins, Burton and Gingrich or that stable of TV slanderers against democracy who glut our bought-out TV spectrum.

As soon as you exhaust one drumbeat attack story, you are on to the next one. Any ploy, lie or tactic to gratify and accommodate the people who hold the real wealth and secret power. Like the handler war-creating big brother news media you will beat any victim of politics to death as long as the white houses's power regime requires it of you, then suddenly drop it like a dead body as soon as they want you to. As soon as you have exhausted your service to this govt. of bombers and incinerators you simply let the attack-story drop out of sight at their bidding.

Having been instrumental in your invaluable assistance to war buildups and poll and propaganda fabrication (like all the Reagan criminal media) you just walk away from what you have accomplished. You fail to follow up on what you have caused to happen however. Jumping from one lie to the next, one war to the next - influencing this week's election or appointment only to drop it and accept a completely new lie to protect the bush party and accommodate them in winning the next one - anything to get this company of liars, genocides and embezzlers past the next political hurdle, to save their hides! This is obviously what you were created for.

Perhaps I am wrong and you are going to spend a week in Panama, showing and explaining to us how those months you spent promoting your hero's war against the poor people of Panama has been so beneficial to them, to their much vaunted "DEMOCRACY" and for the betterment of the humanity of the world!!

You could clearly explain to us and show us how all those lies about reagan-bush-fostered democracy in latin america are NOT really lies but are all true and valid.. You could show us how well-off our colony in Panama is, how happy the people were to be bombed and how much our own occupation troops who patrol and control that pathetic back doorstep of america's latrine-way of life are loved and admired.

I can't figure out why C-Span and our "informative" BIG BROTHER TV does not want to show us Panama. We should be proud of our progress and prowess in the world.. After all, we can slaughter and subjugate people in latin america with as much ease as our yellow belly bombers can blast away the people of IRAQ.

Still Lamb and his truth handlers refuse to discuss Panama. Why? WE wonder? Could be that all those lies of all those decades about that FREE WORLD "bull" was just that! The W.R. Grace colonial-military media can harp on their zigzag "NEWS" about RUSSIA, ASIA, & IRAQ all they want to - but we know it is the LIAR's diversion to keep our eyes and minds off our FREE WORLD sewer hole of latin america and the disintegrating socio-police state and new unemployment world here at home.

After 40 years of "free world" benefits from IKE's and NIXON's CIA happyland of bananas, tin and copper commodity empires, (that dictatorship partnership of COMPRADOR-US Army bureaucratic control) latin america, the usa's private empire of MONROE baloney and MANIFEST BS has brought economic holocaust-

starvation warfare against a whole continent !

The worst cholera epidemic of the 20th century, going unreported by CNN BIG BROTHER's fascist colonial US "MEDIA" ravages our own FREE WORLD continent of empire!

Perhaps ~~50~~ the harlot media and the c-spinner professional liars would like to explain how come it didn't happen in that horrible, terrible communist sinkhole of "POVERTY" & "STARVATION" located in EUROPE or why , all the wallstreet lies notwithstanding, the people of CUBA are a thousand times better off than uncle sam's free world hellhole?

All the lies of the century aside, you have ^{been} bullcraping us with average wage this and average man that for my lifetime and it has all been a load of crap. The "AVERAGE" human being in CUBA eats well, is healthy and can read and write and has courage to face the future which is more than you can say about half of the concentration camp youth of america's inner city shambles of what the wallstreet fascists have made of our great cities after four decades of committing economic class war against the poor and deprived throwaway, cast-off human refuse and residue of used up capitalist degeneration. It's a good thing that the fascist liars and goebbels-guardians of KULTUR and propaganda from the nazi-moony capital of the world have to run the gauntlet of third world muggings and gunfire in DC. It's only what these old glory-nazis of the new world order have coming to them after doing such grand service in destroying the pitiful humanity of the world.

And four more years of bushy fascist police-state destabilization of the american body politic isn't going to make your fascist-occupied CAPITOL of the old democracy one bit safer for y all you suburban yellow ribbon klansmen!
