Dear Brian,

Since retirement, my usual daily routine is to watch CNN Headline news for 1 or 2 segments and then flip over to C-SPAN Live. For the past several years your program has been outstanding, but today you dropped dead in the water, when you had Bianca Jagger on. This is one of the "anchors" on our attempt to progress, an uninformed clown of the first order -- I can't believe you had her on the show.

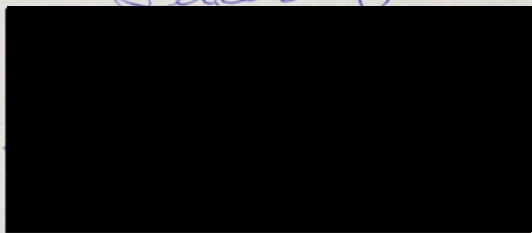

I will not stop watching the show because I think it is terrific particularly the C-SPAN Live.

2

However I challenge your judg-
ment in putting her on (I won't
even mention the possibility of
payola)

Your guest cover the political
spectrum very well, in fact it
is a pleasure to watch the
liberals "shoot themselves in the
foot". Boobnotes etc and the
Congressional coverage are
excellent but Bianca Jagger ----
NEVETZ AGAIN!!! or anyone like her.

Sincerely,

CHARLOTTESVILLE, VA 22901
