JUL 16 REC'D

Hi, C-Span;

I am so glad and pleased to be a part of C-Span watchers.

I hope some time soon many of the members of the Senate and Congress will be on to answer more and more important questions we have, I have never called in, as I feel the next day there may be some thing else to call about.

Keep C-Span going strong, it is a big part of my day. Thank you

Key West, Florida
