Dear C-Span Representative:

In your television program on Friday, March 10, 1995, a guest quoted from The National Journal indicating that the issue contained a list of names of a number of "ultra" conservatives in the media (and government, I believe). I have not been able to obtain any further information on this, particularly the date of the quoted publication.

I wrote to Senator Bill Bradley
requesting his help. However, he
does, of course, need the precise
date of said publication which
was the topic of part of your
3/10/95 television show.

Can you please inform me
of this date and/or where
I can obtain a copy of
same, in addition to Senator
Bradley.

Thank you for your assistance
Sincerely
