Dear Brian -

First let me say how much I enjoyed your & C-Span
for the informative programs which I have
watched over the past few years. The
Viet-Nam revisited program - your even-
handed coverage during the Conventions
& election made the whole process
palatable - your Booknotes & Journalists'
Round Tables - have been a pleasure to
view in the sound-bite "Thicket" TV
networks have become.

My reason to write you stems
from the calls you received last
week - very critical calls and very
unjustified!! Your coverage is always
fair - your guests cover a wide
spectrum of "ologies" and thought and
the viewer can judge for him or herself.
If that one caller could ascertain your
political affiliation, he is a telepathic!!
Keep up the good work - we need
you and C-Span! Sincerely yours
