Dear Mr. Barr:

Thank you for your support of the Close Up program. Your contributions made it possible for six students and one teacher from [REDACTED] to have a truly educational experience.

Our week in Washington, D.C., March 13-19, 1994, was packed with activities. We stayed involved from 7 a.m. to 11 p.m. The Close Up team did their usual excellent job of providing students and teachers with information, interaction and learning.

Below are a few sentiments of students who participated in the program this year.

I am so glad that I had the opportunity to go to Washington, D.C. The monuments were very beautiful. I enjoyed learning more about Congress. The trip helped me to enhance my knowledge about the history of the U.S. The Program Instructors were so nice. The entire trip was a continuous learning experience. Thank you all for giving me the chance to go to Washington, D.C.

The Close-Up program was a great experience for me. I learned a lot about the government and how it works. The people that I met were very nice and our group leaders could not have been better. I learned a lot about different people who made a difference in history, up close. I also saw sights and went to places I might not have ever been able to see. Close-Up is a wonderful program for high schools and it's worth the time and effort to raise money to go. Overall what I got out of the

program was knowledge of the government, new friends, sights
I've never seen before and the memories of a lifetime.

Thanks,

Close-Up,

The week was great! I especially enjoyed my
roommates, we had a great time together. Capital Hill Day,
when we met our Congressman and Senators from Alabama, was
a highlight of the week. The talks on the bus were educational
with lots of laughs. I wasn't interested in the government
before the week with Close-Up, but when I got home I was
really interested in knowing more about the government.

Thanks,

You can take pride in supporting a program that truly aids in the making of good
citizens. It is only through financial support from people such as yourself that the Close Up
foundation and students at participating schools have such an enlightening, instructive, and fun
growth experience.

Thank you again for your support!

Sincerely,
