Washington, D.C.

Dear C-Span,

I am watching your
1 day coverage of the anniversary
activities in Normandy.

Very, very interesting to me
because on that day, I was serving
in Italy, in the Finance Depart-
ment attached to the 15th Air Force.

As the news of the invasion
came over the radio, I was in an Italian
barbershop being shaved (about 10¢)
by an Italian barber using a
straight edge razor! Glad to say
he was on "our" side.

I have many, many Kodachrome
slides of my 16 months in Italy. Even pics
on ship board as we crossed the
Atlantic and the Mediterranean Sea
over

before landing at Brindisi, Italy.

If the foregoing would fit into your programming plans, I would like to offer these to C-Span, so that the "view" of the War from Italy, and from the Camera Eye of the undersigned could be shared with the 50 States and wherever your Telecasts go.

I'm in the process of writing my memories of the War, minor as they were. If my thoughts will be of value, I will be happy to share these with you too.

Very truly yours,
