Dear Brian,

With wars, global warming, disunity and dysfunction internationally, it may be time for a change of leadership.

I am proposing a new and smarted political party called INPRO (Independent Progressives).

If you agree, would you please send me your suggestions for planks in our platform.

I personally believe in the principles of life, truth, love, freedom and justice.

And, I do not think there are any problems that cannot be solved peacefully and equitably.
