

Dear C Span

Shame, shame on you - you and the rest of the media - especially the White House Press are calling all the shots in the Clinton Administration - How much did Bush and the Bob Dole - Phil Gramm, Russ Limbaugh - Bob Dornan pay you to destroy Bill Clinton? - It is so noticeable since Nov. 3rd. 1992. I idolized Brian Lamb before the 1992 Presidential Election - He was honest, the most fair moderator, interviewer I have ever watched. He had a variety of Journalists - from weekly News Papers and Magazines - Journalists and Authors who had researched October Surprise - Iran - Contra - Left of Promis from the Insular Co - The Greatest Bankrobbery since Jesse James (S & L Fraud - I not solved to my satisfaction (Neil Bush did not pay for his crime) also reporter that had investigated the B N L Bank Fraud (dropped like a hot potato - what ever happened to BCCI (was it solved? did I miss the solution? Why do I never see or hear Investigative Reports All I see and hear are the "Clinton Assassination" The guests on your call-ins are carefully selected

all against Our Democratic President - What's
The Reason He's Not Pleasin' You? I think
George Bush did a number on Clinton when
he ^{Clinton} won ^{in 1992} - If I hear he only got 43 votes
again - I'll scream - You fail to mention
he also won The Electoral College Vote also.
George Bush lost "On His Failed Domestic
Policy" - Perot lost on His Astere Way of
reducing The Deficit that Reagan and Bush left
the New Administration. Clinton - On CNN
"Inside Politics" - Clinton has been made fun of -
rated an F on his first 100 days - The only
Cable News I can stand to watch is Headline
News -

I think all your Callers on your call-in
Shows are jamming out any body in favor
of Clinton or who wants to give him a chance.
I think all your call ins are carefully screened.

This is Our President you are encourage
Disrespect I is Honour Our Highest Elected
Official - Well - why don't you Impose here
and recall George Bush? I am sick of what you
are ~~doing~~ away with - It don't do any good for me

to. write you - you won't leave until you
have destroyed Clinton.

Sincerely
