

AUG 27 REC'D

2703-90

When a caller spoke
of Israel being attacked
on all borders - Egypt,
Syria, - years ago, there
was no comment from
Steven Emerson because you
quickly turned him off by
asking a question. Perhaps
you didn't realize that your
audience would have wanted
Emerson to respond to it.

Every Arab caller uses
Israel as the villain in
Arab terrorism - Arab destruc-
tion, hijacking, bombings, these
callers are never cut off.
Sometimes it seems C-Span is
owned by Arabs - they get
their anti-Israel propaganda
aired - vs. voices for Israel's
position. Poison gas against
Arab civilians - by Saddam - Israel's fault
