C. Spang -

On June 5th you had a Mr
Julian Simon on your callin program.
That man made me furious, why
It was a good thing I could not get
through on the phone.

There is a BIG difference between
Emigrants and refugees.

Emigrant came here with skills, made
home, obeyed our laws, and was self
supporting - Refugees - come with no skills
bring diseases - and want a standard
of living. Period. This man is crazy
he may have a B.A. or M.A. or - ?? -

But is an activist. These people do
take jobs that a lot of citizens would do -
But these Mexicans come to Portland
Ore. in early winter, ~~knowing~~ there
wasn't any work - so welfare and
Medicaid had to take care of them.

Mr Simon. talked about these
people paying taxes - The IRS
can not find them. Withholding
taxes is all the government gets -

Any way I was so mad, I turned
off CSPAN - That was the first time.
I disagree a lot of times and
that is good too hear someone
elses opinion - on subjects - But I
do not like for someone to lie
I'm not sure when Simon lives -

One thing about CSPAN you
have all kinds of people and
subjects on your programs and
that is good.

Well all in all your just Good

Sincerely
