Dear C-Span;

I would like to say that I try all the time to get through on the phone, but I can't. I would also like to say C-Span is doing a fine job in reporting what happens, and also to let people speak and ask questions. I am for our President in going to war, to get Saddam out of Kuwait, as he had (5) five months, to do it, and also god knows what would have happened if we waited longer, as Saddam killed + Tortured his own people, and took the babies in incubators. Saddam Hussein is a product of the devil, as he has love for human life. Also why is his wife and children, living in Sydney Australia, they also should be where the action is. the T.V. and radio should hound his family. why should they live the good life, while he does this to human life.

today 2-13-91. He blame us for Bombing
 & Killing them why does he put his Artillery
 where it shouldn't be, he is Killing his
 own people. As Americans we don't do this
 And of our news saw a face, on T.V.
 today as they were all covered up. Also why
 is the Soviet, trying to talk peace. I thought
 they were on our side. Peace will only
 Come when the Devil him self (Saddam Hussein
 get out of Kuwait. He even uses our people
 as human shields. We the United States
 also treat there people (meaning the P.O.W
 well, we cannot say that for Saddam, I
 only hope & pray the girl he has Comes
 home alright. As they Torture human
 beings. we do not. I think its time to
 pay the price for his head. As innocent
 people are being killed. Also the
 people of Israel & Tel Aviv. we are all
 proud of them for not retaliation or
 fighting How much Can they Take, me & my
 friends say its High time they do.

As we all want peace around the
 world. But with a Devil like Saddam
 there will always be war. also it
 doesn't appear he is starving, only his
 people. Tonight on T.V. 2-13-91. They

did show women & children. But this is another Play By Saddam. Why doesn't he (Saddam) let the Press & T.V. Camera's into Kuwait. so all the world can see what he has done to the people of Kuwait. this he won't do as he has tortured or killed an awful lot of children, women & men. Saddam Hussein is not a human being. he should be killed on sight. Keep up the good work.

Sincerely
