Dear Gentlemen:

I watch C-SPAN because it helps me to serve as an apprentice (sort of a mini-course) to real live political and social events. Your show has taught me much about true journalism. So much so, that I am the editor of my own school newspaper. Even though I'm only ten years old and in the fifth grade, my newspaper is a satire on all the current events in the world. Without watching your show, I would never have had the opportunity to broaden my sense of humor plus, have an accurate knowledge of the way the world is today.

Thank you for acknowledging this letter.

Respectfully yours,
