Dear Brian -

Let me thank you for my discovery of CSPAN - what a refreshing change from mindless TV.

I enjoyed your conversation last night with George Will and this morning with Martin Rolan - very informative.

Sometime early this spring, my son, [REDACTED], called and asked me to watch CSPAN for the next week or so as you were being televised from his inn, [REDACTED] ([REDACTED]) in Bedford N. H. What a thrill to see his inn on TV. The second morning he called and asked why I hadn't called in with a question for you (I thought it would embarrass him). So I dialed + set REDIAL forever + never did get through. I was disappointed. In May, [REDACTED]'s stepfather + I flew up to Bedford and when we went into the [REDACTED] Room in [REDACTED] I had my picture taken in your chair. I was impressed. I shall be glad when this terrible

election is over - I am a registered Republican but certainly won't vote that way this year - except for John Mica for Congress (a personal friend). I thought Clinton showed good sense in choosing Offord over Viet Nam. What a stupid war.

So this is what it is like to write a fan letter - my first!!!

Keep up the good work and we shall see you on TV.

Sincerely

P.S. I am president of our garden Club Circle so you can say that you have received a fan letter from President [Redacted]!!!
