Dear C-Span,

[REDACTED]
Haverstown, Pa 19083

Have to thank you again for your excellent coverage Sunday afternoon on the Freedom of Choice Act and Roberto Achtenberg. We just would not have had all the info had you not been there.

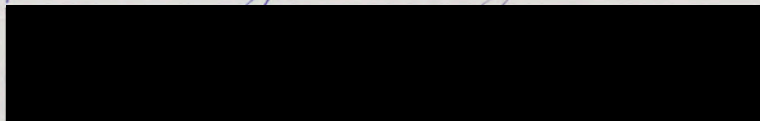

Re choice-in-education there's a bill coming up in the Pa. legislature which would provide vouchers to parents who choose to send their children to non-public schools. Unfortunately it's been tacked onto another bill so it'll be harder for the issue to be decided on its own merits. I mention this because I believe there will be many similar fights over the country in the near future. During the winter I watched a conservative forum on C-Span. One panel discussed the sex, violence, etc. being portrayed on T.V. A television producer on the panel said the answer to the problem was in the marketplace. This prompted me to write a letter to the editor of the Catholic Standard and Times which was printed. I never fail to mention that any information I have is from C-Span.

In connection with FOIA the pastor of my Catholic Church pretty much allows me to inform the other parishioners through the church bulletin as its progress. Again, I mention ^{in my notice} they can learn more if they follow C-Span which Father also included.

I have not heard anything recently on Adelphi Cable's negotiations with Haverford Twp., but Speally would love to have C-Span II. My commissioner, Jim McGerrity, has requested this in their new contract.

Sincerely,

P.S. When you are being spiced by both conservatives and liberals, you gotta be doin' something right.
