Mr Lamb -

My family watched your program on C-Span with Ross Perot a few days passed, in his offices in Dallas. We were really impressed with you Brian & Ross the Boss. I don't understand why journalists & a lot of Congressmen etc, think Ross should have all the answers with charts & etc & Clinton with all of his lawyers in the cabinet & the White House don't have which I remember him saying over & over during the campaign was going to look like America. I sure didn't realize that 90% of America was lawyers. We

enjoy C span very much &
can't criticize you or staff
at all. I wish you'd have
a round table question &
answer period with common
ordinary people from the East
South Midwest & West
including plumbers, electricians,
farmers, truck drivers,
Common ordinary people
like we were supposed to
have in the White house.
We are getting a little tired of
only seeing Lawyers journalists
Wash D.C. supposed leaders
on gain programs.
Sincerely

Marathon Fla. 33050
