

Sir AUG 27 REC'D
enough hearing an Arab speaker using
Israel as "the Cause of
Iraq's invasion of
Kuwait" - but why
C-span found it newsworthy
to repeat the anti-Israel
long winded monologue is
sickening.

If Israel never existed -
the Saddams would do
exactly as they've been doing.
Israel did not create
Saddam Hussein - he
created himself. It is
fortunate Israel had
destroyed its atomic
nuclear arsenal a few
years ago, or they're more
alert to sleeping.
A - no choice.
