

Dear Mr. Wallace - Surely You must know that the arrogant, know-it-all, we-know-best, we'll decide for you, put up with our opinions, don't bother us with your opinions attitudes and practices of the media have totally turned the general public off. I have long since quit listening to or relying on ABC, CBS, NBC, CNN, et. al., as you noted in your presentation, for all the reasons brought out in the program! That is why C-SPAN 1 & 2, and alternative talk radio & news journals have proliferated only those people who have no alternatives to the major Networks & media use them as a news source. The rest of us turn to Cable, Satellite, news letters because we do not buy the leftist-liberal leaguing elitist "news" super stars! Don Hewitt is the poster child of such elitist snobs! I see no chance that the status quo will change!
