PROGRESS REPORT ON
CLINTON SCANDAL

*O-Schw
C/Lew*

Due to the Tripp involvement directly and indirectly, she had given much consideration on the tapes and association with Monica with the risk of personal injury or death before she came forth with the tapes. Monica, the key witness is caught between two astringents factors...Tripp and Clinton. With this squeeze play she has no choice to consider backing off and denying the scandal. The pursuit for immunity will continue regardless of Ginsburg preparation for her defense trial. The need for constant media coverage is essential for their physical well being until this matter concludes. And this is what will bring down Clinton as a matter of fact.

One cannot depend on any close federal agent to come forth due to their code of secrecy employment contract, without serious consequences that would lead to their federal imprisonment.

Since the Clintons are hard-code lying socialpaths, their plans for escape has been well planned in the to exercise in the event they slipped and the presidency is threatened.

Now lets see what Hillary is doing in Switzerland, the excuse is the project in the media as Bill and Chelsea has gone to Camp David. Suppose Hillary real reason for going there is to obstruct and phone communication with the Swiss banks that hold their well hidden/numbered drug account(s) to insure data that they exist and intact for retreat in the event Clinton comes down? There needs to be a close checks on all Hillary's activities by under/cover private agents immediately, that timely, evidence to show cause is revealed Clinton comes down and soon they leave the country forever? Chelsea's \$25 million in a Panama bank needs scrutinized unless Hillary transferred it already. This information is not speculation but it has been publicized by an independent publication, Tell It Like It Is, Henderson, Kentucky. Many of its subscribers are members of Congress. They do have usually more than two sources for their publications.

It is understood that any leaks from the office of the independent counsel should not occur, but keep in mind our human nature and that it might not necessary be an attempt to intercede with due process. Overall, it is believed the average American desires the truth in this matter and in order to reach it, it is essential the media keeps on top of it daily. If there is a media drop or interruptions that indicates the trilateral control in order to keep Clinton in office to do their bidding, then we are in big trouble. It has been discussed on C-Span that the State of the Union address will keep us in further debt in the amount of \$136 billion, since the whole context is based on government spending. It omitted the need for our military strength and superiority and very importantly the need for cosmic research by immediately placing in space that scientific anti-comet/meteorite deterrent. If one reads the undertones and undercurrents in his speech we will heading down the road to ruin. There are many, many people who are naive and subject themselves to Clinton manner of presentation that they become his strict defenders. They become like sheep to the slaughter. On the VCR Clinton Chronicles is more than enough evidence to convict now Clinton on treason along with Hillary. Keep in mind they are socialpaths, no conscience or morals.

The point is, if it were anyone else they would have long be prosecuted, for some unknown reason the Clintons have made themselves

The Clintons cannot be trusted.

Watch the effect against the Clintons if you have a ceremony on the changing of the flag. It is believed you and the average American do not know the difference between the Maritime Flag of War (with its golden decor that is proof the US Government is a dictatorship, with the War Powers Act of 1917, amended 1933 was brought onto land from the Admiralty Law high sea, the same act Hitler did immediately after he became chancellor in 1933 that 'legally' made him dictator) and the American Flag of Peace. These Maritime Flags of War are displayed on your program behind all guests, in all public buildings, and in particular in all courts of law. Are you strong enough to have this ceremony or do you really know the difference? Is there anyone or anything that would prevent you from doing this while explaining the facts why to the American people at that time.

The next request is to reveal the unconstitutional Federal Reserve System need revocation in perpetuity. This 1913 fraud act by the trilateral stooge Wilson is the absolute inflation foundation for our moral decay and family break-up.

It needs complete re-printing the enclosed How to Take Back America Legally again and again. You must agree, knowingly or unknowingly it goes to the core of what has happened over the many decades how this government has been manipulated....yet, no one has taken the initiative in any one major fraud to begin correcting these horrible frauds. As long as this government operates under UCC 1-103 the US Constitution, you speak about that in fact does NOT exist except in PRETENSE, this blessed document will never be RESTORED. Do you understand what is being said here?

Do you realize how powerful (very subtle) the American Bar Association (ABA) is? In that 20 minutes in 1913 Wilson besides the FRB and the non-ratified 16th Amendment signed this ABA private entity to become a federal entity. It needs repeating how the ABA subdues the original ratified 13th Amendment (and why the War of 1812) that no one holds a title of nobility. We all need re-educating, because when we find the truth, it is exciting. Read about FDR imposter. It will be critical to observe your programs to see if you activate anything, timely, on any of the above. The ball is now in your corner. Do you know the difference between a constitutional law (must agree) that reads BE IT ENACTED and non-constitutional 'color of laws' created by non-constitutional agencies that hold NO, BE IT ENACTED, look under constitutional phrases and clauses. CC Newsweek, c-Span

When are you going to reveal the violation of the public trust of our Social Security funds by this government's extortion practice (RICCA LAWS) that NO law gave them this right. Those guilty government officials must be prosecuted.

· HAVE A NICE DAY!

Early this morning on C-Span a caller stated Hilliary was seen after hours going in the Swiss Union Bank (Fri./Sat.?) and for the evident reason to check the Clinton's anonymous numbered bank account(s). Who was the witness, who unless anonymous knows the Clintons will have them killed. Now, if it were the media with the video and other facts, thats a different matter. This undersigned thinks like a detective/lawyer as putting themself in the place of the pathological lying socialpathic Clintons, and it becomes predictable every move they plan for their own self interest...but eventual destruction. It will be the worse scenario that will go down in history. The media needs to ask Hillary why she was there. In Perry Mason use of the word SUPPOSE may not trick Hillary but its worth a try on film...and watch her reaction.

Since Monica cannot be imprisoned at this time and best that she isn't for her own physical protection, on the other hand, if she leaves this country with or without Ginsburg, it is positive to say the Clintons will arrange to have for her a fatal "incident" that is not traceable.

The 'tapes' are not necessary for trial and that revelant information within the tapes relating to witness(es) who were direct witnesses to Monica statements to them cannot be denied by the 'court'. Immunity may not come, so Ginsburg for his client will abide time to see how the Clintons act.

The urgent needed frenzy media is absolutely essential by the general public, so as to quickly pursuits be maintained to obtain every bit of evidence and witness(es) relating to this matter of the sex scandal to come forth for Kenneth Starr to secure that which is required for filed charges timely. If it were not so, the Clintons would soon have it 'swept under the rug'. The uncalled for and indecent attacks against Kenneth Starr is the experienced move by the Clintons to get paid stooges to do his/he bidding. Starr is stong, knowing this allows it to pass over quickly...in order to stay on track of the investigation. The people know when they have been conned again and again...and there is a limit, and Hillary knows this well...and the reason for her checking on their questionable drug bank account(s). Seek a court order to have her personal things checked with customs and anyone else she has entrusted to brings back their 'loot'. Thats evidence you can depend on because she will not prove accountability. If action is not immediate by court order, and she is not immune from a search warrant (Kenneth Starr can do it) because there is suspect here. She may even try some manipulation overseas and the reason she must be followed everywhere, including all phone(s) tapped. The use of Scotland Yard and Interpole will assist if Starr request it.

As long as Monica breaths, pulsates and cerebrates, the Clinton's days are numbered. All the media does is report the happening events. So the public, in essence, does their work for them on things that usually occur after a critical event, in this matter the sex scandal.

An Assassin's Bullets for FDR

Feb. 15, 1933: The mayor of Chicago is shot in the attack

Giuseppe Zangara always had a stomachache. He blamed it (and everything else wrong with his life) on capitalists. But he was not a radical political activist. Rather, his discontent gave him an intense desire to kill someone in power.

Once, in his native Italy, he had planned to kill the king, but he couldn't get near enough. After moving to the United States, he considered killing our ever-placid president Calvin Coolidge.

Early in 1933 Zangara had targeted President Herbert Hoover but was dissuaded by the chilly Washington weather, which he feared might aggravate his stomach. Then he learned that President-elect Franklin D. Roosevelt would be speaking at Bayfront Park in Miami. It was near Zangara's home and seemed to offer a perfect opportunity. With an \$8 revolver and 10 bullets, both newly purchased at a local pawnshop, he headed for the park.

At first he was frustrated. Stuck deep in the crowd, the five-foot assassin was too short to get off

Let's Am Iough's sure, 32-year-old assassin Giuseppe Zangara enjoyed the publicity he received after his arrest. Below: Mortally wounded, Mayor Cermak is helped from the scene of the attack. FDR himself cradled Cermak in his arms on the way to the hospital.

Feb. 18, 1855: Panic begins a California bank scare

The next time you hurry to the bank before it closes, think of rancher Louis Remme's ordeal.

From the day a steamer arrived in San Francisco with news that a major St. Louis bank had failed, financial panic swept central California. Remme couldn't withdraw his \$6,000 from Adams & Company in Sacramento, but he could see one hope. Portland, Oregon, had no telegraph. If he could beat the steamer north, he might be able to get his money from the bank's Portland branch before its managers heard of the collapse.

The anxious cattleman headed into the teeth of a northern California winter. Some 6 days and 11 horses later, he had completed the 665-mile wilderness trek. When the steamer arrived in Portland, local banks quickly closed. But Remme already had his money. **trilateral**

a shot when Roosevelt's open car rolled in. Five minutes later, however, at 9:35 P.M., FDR had finished delivering his brief speech from atop the backseat of the car. The crowd was beginning to disperse. Zangara lunged forward, leaped onto a vacant chair, and fired five shots. Each hit someone, but all of them missed Roosevelt entirely.

Four victims survived. One bullet, however, penetrated the right lung of Chicago mayor Anton Cermak. He died three weeks later, on March 6, two days after FDR's inauguration.

Within days of the attack Zangara was sentenced to 80 years in prison on four counts of deadly assault. After Cermak died, a new trial resulted in a new sentence: death. The assassin never pleaded insanity; he seemed proud of his guilt.

On March 20—just 33 days after the shooting and 14 days after Cermak's death—Zangara was electrocuted. Feeling slighted to the last, he complained that no photographers were present.

3. Subsection (4) is intended to make it clear that, as a matter of drafting, words such as "unless otherwise agreed" have been used to avoid controversy as to whether the subject matter of a particular section does or does not fall within the exceptions to subsection (3), but absence of such

words contains no negative implication since under subsection (3) the general and residual rule is that the effect of all provisions of the Act may be varied by agreement.

4. Subsection (5) is modelled on 1 U.S.C. Section 1 and New York General Construction Law Sections 22 and 23.

§ 1-103. Supplementary General Principles of Law Applicable.

Unless displaced by the particular provisions of this Act, the principles of law and equity, including the law merchant and the law relative to capacity to contract, principal and agent, estoppel, fraud, misrepresentation, duress, coercion, mistake, bankruptcy, or other validating or invalidating cause shall supplement its provisions.

Do you understand the meaning of these words? Attorneys do not!

~~Official Comment~~

Prior Uniform Statutory Provision: Sections 2 and 73, Uniform Sales Act; Section 196, Uniform Negotiable Instruments Act; Section 56, Uniform Warehouse Receipts Act; Section 51, Uniform Bills of Lading Act; Section 18, Uniform Stock Transfer Act; Section 17, Uniform Trust Receipts Act.

Changes: Rephrased, the reference to "estoppel" and "validating" being new.

Purposes of Changes:

1. While this section indicates the continued applicability to commercial contracts of all supplemental bodies of law except insofar as they are explicitly displaced by this Act, the principle has been stated in more detail and the phrasing enlarged to make it clear that the "validating", as well as the "invalidating" causes referred to in the prior uniform statutory provisions, are included here. "Validating" as used here in conjunction with "invalidating" is not intended as a

narrow word confined to original validation, but extends to cover any factor which at any time or in any manner renders or helps to render valid any right or transaction.

2. The general law of capacity is continued by express mention to make clear that section 2 of the old Uniform Sales Act (omitted in this Act as stating no matter not contained in the general law) is also consolidated in the present section. Hence, where a statute limits the capacity of a non-complying corporation to sue, this is equally applicable to contracts of sale to which such corporation is a party.

3. The listing given in this section is merely illustrative; no listing could be exhaustive. Nor is the fact that in some sections particular circumstances have led to express reference to other fields of law intended at any time to suggest the negation of the general application of the principles of this section.

§ 1-104. Construction Against Implicit Repeal.

This Act being a general act intended as a unified coverage of its subject matter, no part of it shall be deemed to be impliedly repealed by subsequent legislation if such construction can reasonably be avoided.

HOW TO TAKE BACK AMERICA...LEGALLY!

(ONE SUGGESTION IS USE PRIVATELY INSURED BANKS)

NOTE: PERMISSION IS GRANTED TO USE THIS ARTICLE IN ITS ENTIRETY.

BACKGROUND

In the December, 1994, page 21 graph, TELL IT LIKE IT IS NEWSPAPER, lists the International Financiers (IF), the Satanic Kenites who with their planned One World Order to enslave the world by computer chip and HIV injection.

There are special groups who know their daily where abouts to 'stop them permanently' when they activate en masse this process. Their first step is Clinton's prententious "immunization", the excuse, and having Congress agree to his over 2 billion in the budget. We are paying for our own enslavement.

U.S. military bases are closed or being closed basically while our troops are in special military/private airports.

The government has and is setting up U.N. (signed into law by President Harry Truman in 1950 as the U.S. supreme law of the land) covert operations using foreign military equipment and personnel where upon command they will mandate this 'immunization' process.

It began in 1866 with President Andrew Johnson's veto of the 14th Amendment...that never went back to Congress for a revote! America, being in a terrible state from the war was vulnerable to the IF and their paid 'stooges' to use every evil tactic to get this unconstitutional amendment ratified. Once ratified it officially created 'titles of nobility', i.e., 'citizen', 'resident', 'licensee', etc. and liability back to the 'government'. Do not misunderstand the 'citizen' (individual) to constitutional national citizenry. Officially the 14th destroyed the constitution. To avoid a revolution the IF subtly allowed the constitution to exist in PRETENSE. It can be applied effectively at the end of a court filed Summons and Complaint. Keep in mind the Courts practice "Admiralty Law".

In 1913 President Woodrow Wilson allowed himself to be influenced by IF members by some threat tactics to sign into law the unconstitutional and unratified 13th Amendment and the Federal Reserve System to private ownership (IF). This gradually led to the statement, 'whoever controls the economy of a nation...controls life over death.' Each year now, over a trillion dollars of our income tax goes directly to the Federal Reserve Bank (FRB), and not one cent on the 'debt'. The plot is clear, their subtle usury maintains the inflation index that results in family breakup, exploitation of the youth, hardship on the elderly and total control of government. The IF are 'nice' enough to 'loan' us the money to keep this nation operating...its called CREDIT. They want to take over America first by calling in this CREDIT. They have not been successful due to private guns, private armies and the 'mafia' they cannot control.

With the 14th ratification, our government became a foreign corporate body politic, (NY vs Merriam). In order for it to operate it created the Uniform Commerical Code UCC (obtain a copy from West Publishing, St. Paul, MN). Since it cannot vote on the 'code' Congress votes on the printing of the code. They operate in particular UCC 1-103. Since Congress cannot entrap anyone within its jurisdiction, some wise congress person sought and passed UCC 1-207. When this is used correctly under one's signature or stamped name, the government must recognize one's federally mandated civil rights to use this, yet, they may, especially the court, entrap said person.

Your Name signed or stamp (script suggested) "without prejudice" (small letters), U.C.C. 1-207

This affords anyone no further liability back to this 'government'.

All the several states have adopted the 'codes' under their negligence and fraud statutes. EXAMPLE: Wyoming WRS 34-1207, Arizona A.R.S. 47-1207. Ones state statute may be added under the federal code. If at any time the government entraps anyone, that person can file a Revocation of Signature to void the entrapment. If government does this one can file Pro Se (no attorney if at all possible since they are 'officers of the court' who hold a foreign corporate body politic license) a multi-million dollar suit against any government entity under Title 42, USC 1983. One can amend a court filing as much as needed and if a case is dismissed without prejudice, one files a new suit with the same and or additional charges. Acting in Pro Se makes it very affordable by anyone.

One should file a Revocation of Signature initially with every application filed with the government, private business, etc. If one is refused to add under their signature, "without prejudice". U.C.C. 1-207. Notably, social security, employment, deeds, stocks, banks, etc. Unless a legal filing send copies only and keep the originals, and always keep copies in a private place for legal reference. Follow three rules if confronted by any government entity. Rule 1. Say nothing, Rule 2. Say nothing, Rule 3 Say nothing. Your "Without Prejudice" SAYS IT ALL.

Any business may remove itself also, but it may involve further research and legal action in a state's legislature.

To file a suit is relatively simple and there are many organizations who will assist with copies of filed formats and the laws. Law libraries are helpful. People are urged to share freely their filed documents to help others.

HOW TO RESTORE THE CONSTITUTION

(1) The immediate repeal of the 14th Amendment, (2) the abolition of the Federal Reserve Bank, (3) the revocation of the 1857 Dred Scott case, (4) the revocation of the 1938 Erie vs Thompkins case., (5) the revocation of the 16th Amendment, and (6) the restoring of the original United States Constitution. (7) An amendment should be drafted forbidding in perpetuity the International Financiers, the United Nations and all other entities in any way, shape, or form to interfere with our Constitution, and if attempted the charge of treason would be speedily prosecuted. (8) All internment and concentration camps in America be destroyed. Since we are in the computer age, (9) all political representation work from their home state. Society creates problems and so there are those in society who can solve said problems, by honest, confident (no theft) government procedure, (10) justly compensate such person(s). Said representative will then work with its constituents at Town Hall meetings or the like.

People are urged to demand the publication of the book, "HOW THE US GOVERNMENT (by IF dictates) PLAN TO ENSLAVE AMERICA: Publisher(s) are needed.
