Gentlemen:

Just now I listened to your program on
"The Right Side", which I take it you were
somehow copying from WOL Radio of Washington,
D. C.

The whole program came across to me in a
very annoying manner because of the constant
advertising chatter that at times accompanied
the main event. I figured out that this extra
vocalization was not C-Span's doing but had to
be accepted along with your use of the chief
part of the program. Nevertheless, it seemed
to me to be unfair to the advertiser who had
paid for the original release.

I betcha you are receiving lots of comments
such as mine.

Yours truly,
