Dear C-Span -

I am an ardent fan of C-Span and make time to watch it each day. I trust it to give me an unbiased view of the political scene. Imagine my incredulity when a Salesman for envelopes appeared for at least 5 minutes or more with an example of his product. This product was designed to show a now deceased former president of this country believed ~~in~~ — a common criminal. I think this was a very ~~un~~ un ~~proper~~ inclusion in what is purported to be an ~~an~~ political program. [REDACTED]
