Dear C-Span,

Once again, I must write. I was switching stations in an attempt to find something really good on TV, when I came across "The Great American Think Off" ... where I remained.

Alan Linda (of The Herald Newspaper, New York Mills, Minn.) did an excellent job in leading the program in a professional way, wrapped in respect, poise, gentleness - and with a great smile. Indeed it was thought-provoking and interesting. I, along with some who did 'call-in's' encourage you to make this a yearly event.

I thank you for providing excellent programs, and I realize you cannot respond to all viewers who comment - but know you are to be commended.

Sincerely,
