C-Span TV  
400 N. Capitol St.  
Washington, DC 20001

Gentlemen:

I watch C-Span because it gives me more information and pleasure than any other channel.

C-Span fulfills the early promise of TV - to see news as it happens, and to see and hear our government in day-to-day action. The Senate Judiciary Committee hearings on Mr. Edwin Meese had more suspense than "Dallas". The Call in Live programs are intelligent and stimulating. In both the Call in Live programs and the programs showing our Congress in action there is an unrehearsed spontaniety that gives real viewing pleasure.

Finally, I watch C-Span because, by the magic of television, the inner essence of the speakers comes through, and allows me to make judgements. To see and hear my government in action makes me a better citizen..

Thank you for C-Span!

Yours very truly, *J*
