Dear Brian

I have certainly been enjoying your
American Presidents Life Portraits program.

Enjoying American history since I was
probably in the 5th. grade (retired last fall), I am
learning more from all your programs.

I am enclosing some information gave to producer
about the first ladies from our paper and
a cassette jacket from a Statler Brothers
recording with President Wilson's car.

My son, [REDACTED], served on the James
K. Polk submarine from 1975-79 based
out of Charleston, S.C. The boat was later
moved to Kings Bay, Georgia, north of
Jacksonville, Florida. He was interested
in your program also. He lives in

(2)

Salt Lake, Utah, so we discussed
the show over the phone. I was
surprised he was familiar
with much of the information
on the program.

I will keep following your
programs and look forward to
enjoying them. What a great
asset to TV these days.
Keep up the good work.

Sincerely,
