Dear Brian, Claprood & Whitley

What happened?????!!!!*****???

Today's morning show will go down in history as the disaster that blew away C-Span's genteel genre.

Whose choice was the claptrapping bantam boor who ran roughshod over W(h)itless? The strungout, crazed and unbalanced acidhead should be in a strait jacket. That woman (and I use the word loosely) was an hysterical mess to look at--and worse to listen to. Her voice should exclude her forever from speaking into a microphone.

Regretfully however, 95 per cent of TV's female hawking hacks are pitiously lacking in audio skills. Small-town radio (years ago) offered better trained voices. Ah me. What else can I say?

Very sincerely,
