Dear C-Span:

MAR 7 - ANSD

Thanks for airing Jimmy Carter's speech which was given on C-Span at either 3:00 am or 4:00 am, Monday, Feb. 18, 1991

He spoke of Bush having little contact with the ex-presidents. He spoke of the wealth of knowledge they could provide to help solve the problems of the Persian Gulf.

Once before Carter said of Reagan-Bush "that is no way to treat a president."

This speech given at a Carolina State College is one that the Great Decisions program

would include in its
study at this time.

So — do you
have available that
Carter speech on tape
or by written form. If
so, how do I order
it.

Sincerely

Leland R 97850
