

Sun City West, AZ 85375-3341

Dear Brian

Thanks for the great 4 days of showing  
the auto plants and talking to people who  
had a wide range of responsibilities

I started with GM in Flint at the  
AC Spark Plug plant in 1941. Was there until  
when I was transferred to the [redacted] in  
Anderson Indiana. Retired in [redacted]

Grew up in Indianapolis - Dad worked for  
[redacted] Mother & Dad saved their limited  
income - and sent me to Purdue in 1936  
your Dad owned a Tavern near downtown  
Lafayette? Was there many Sat. nights.

Again - thanks for C-span. It is a  
window on Washington that I watch at  
some time or other - every day.

S. WJ

Will edited tapes of the  
4 day automotive series be available  
soon? Several I am interested in.

Best Wishes
