Dear Sir:

I watched you on The Callin' program this morning TAKING A LOT OF FLACK from your callers - Republican & Democratic critics. This was when PAT BUCHANAN & The man with the English accent (CHRISTOPHER HITCHES VARIETY FAIR) were on;

To me, C-SPAN is the most balanced (politically) programming in the United States today, and is run by one of the most balanced group of people in the Broadcast Industry. When I say balanced I am referring to your "on camera" comment-
TIONS, "who do not take sides" I Love listening to you on Book Notes, and Susan Swain when she is on. I would like to see C-SPAN recruit "CAROL - - - -" from A.B.C. See your Callin' groups. I cannot ~~remember~~ remember her last name but she moderated a "presidential debate" during the campaign, she is black, good looking and has excellent diction and best of all,

She is "UNSLAPPABLE" much like you.

I Love IT when you and your people get ALOT of FLACK, because you ARE getting The "Voter's" ATTENTION no matter which side IT comes from.

I would Like To see A program "Touring The Smithsonian", Touring The Library of Congress, "Touring The Archives", Touring The Aeronautical And Space ~~mus~~ museum", much ~~like~~ Like you, did A year or so Ago, on The Capitol Building. ALOT of people cannot get To Washington because of cost ~~on~~ distance, so why NOT Take Washington To Them. I WAS There in 1989 And used The beautiful-subway system To make my Tours in The dead of winter.

I would Like To see A program every week or even every day on "F.W.A." (Fraud, Waste And Abuse) STARTING AT The Top And working down, • Remember corruption CAN only exist if it is "condoned by The Leaders".

Beware of "insidious censorship" from The "Religious Right" censorship, no matter ~~how~~ how small, is censorship

Thank yous [REDACTED]
