Dear Brian:

This adopted-'first-name'(adoption it is!) basis..
At-the-idle, closing on Age-82 --- we didn't do it this way.

Today, Brian - was a Golden Award Day for C-SPAN!
Your guests! lately.

Honorable Arkady Schevchenko - Ray Cline =

Paul Weyrich - THANK YOU, Brian.

Those of us back during WW 11 -- KNOW the "Commie"
infiltration - at times we felt they had taken over DC.

I well-remember and agree totally with Mr. Weyrich - and wish I had known of him. All of these intervening years, I felt no one knew how we felt about the events happening. I am grateful to have the address of the Free Congress Foundation, especially as the USSR has collapsed. Never thought it would happen.

Incidentally, one caller expressed alarm at the One World syndrome, and to my dismay you asked her WHY she objected! I could not believe it. (Harvard Liberals!)

As you can now realize, I hope, it is nationalism that is INBRED in the human race - hence the break-up of the evil (quote President Reagan) -- empire. Our beloved country was 'the melting pot' - and now? No. Factions now in the news - Blacks -vs- Jews - right now in New ork -- and, we have the: "Irish-Americans, the Italian-Americans, the German-Americans, the African Americans" - ad nauseum! All the hyphenated races?

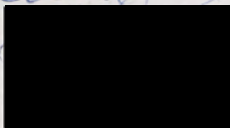

And, when the Stockholm caller (lady) referred to the GULAG -- a book written by someone "Alexander" ---

You were totally unfamiliar? You have read - Mr. Solzenitzen's book on the Gulag - Siberian Style? No wonder Mr. Gorbachev and his nice wife - state of shock - and all due credit to Boris Yeltsin? I am sure C-SPAN will broadcast their meeting, Labor Day - 10: PM?

Please do not misunderstand. NOTHING on TV is even remotely comparable to C-SPAN! It is in a class by itself - as are all of your "interviewers". Every one!

God Bless, sincerely with thanks!

PS / one complaint -
C. Spaw - Call-ins - Great
Guests - Fascinating -
Can't even get my newspaper
Read these exciting days!!
