Thank you folks for putting my cable subscription payment (or a portion thereof) to such Excellent use.

I can only speak for me, the rest of you share holders of this country must speak for yourselves.

I heard you ask for programming ideas, but, more importantly, issues of meaning. As a Member of the Board, here's some thoughts.

If the "Voice of America" is to now be video, so be it. But, this side versus that point of view, versus all other versus, to me is boring, after all the canned excuses are used.

The Half Lies from the slanted point of view is tainted at best.

To me, I can't seem to understand the fine line drawn between killing being murder, but, killing unborn fetus is not murder but Abortion, my source of confusion comes from a female Representative from Oregon. This was on C-Span approx. 10:15 AM, EST of Jan. 5, 1995. Perhaps Oregon Law differs vastly from its Sister States. Consider this as my first issue, if you will please.

Also on Jan. 5, 1995, Mr. Robert Novak may have given a real news scoop, in the form of NAFTA.

(OVER)

The drop of the Peso, ^{2 of 2} is the problem
for the GREEDY to address, NOT FOR MY
TAX DOLLAR TO BE USED TO BAIL OUT;
WHY WOULD I WANT TO SPEND MY
TAX DOLLARS TO COST MY OTHER TAX
PAYING SHARE HOLDERS OUR JOBS??

What will you share holders
express as wisdom of SPENDING??

Count this as issue number two.

I have more to offer, but, I
need to earn the right to be given
any respect and I end these thoughts
on issues of meaning at this point.

Consider following GATT-WTO and
the de-regulating AGENDA, there is
writing on the wall and I detect
SMOKE!! Watch out for the fire. REMEMBER,
WTO... "TRADE BARRIERS"!! WE ARE ONCE MORE
BEING SOLD OUT!!

Thank you

P.S. If the House of Representatives is
free of SIN from taking Special Interest Gifts
Meals and other such bribe merchants, Why
do they need a House Rule to be Honest?
Just say NO, ask Representative Byrant of Fl.
to explain it away as well as WHY after
40 yrs of control are they now; HONEST, WE ARE,
Chest Beaters?
