Dear Mr. Lamb,

I am not a writer of fan letters. However, I so enjoy C-SPAN that I wanted to let you know. I discovered it on my own, by coincidence, about a year ago, and kept waiting a message "to support." Finally I understood that the underwriting comes from the cable network. What a good idea.

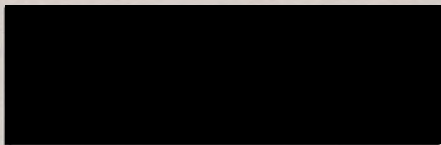

It is so refreshing to hear the news from the source, without "noise" and interpretation. In your interview with Jerry Gross,

I smiled at your reference to
60 minutes' dramatic & manipulative
methods. I have a real dashke
for that program.

By the way, I do not find
you dull.

Bravo - and keep up the
good work.

Sincerely,

(Breunster MA 02631)
