Dear Brian Lamb,

Thank you very much for C-SPAN. I love your shows especially Mondays Events in the News + Fridays Journalist Roundtable.

I'm very sorry that I can't call into your show + I don't have a fax machine but I still love your shows. I do have a few things I am disappointed about though. First, do you remember the big outrage over the Ed Rollins statement that they cut the black vote down in the New Jersey election. All the liberals including President Clinton stood up + said what a horrible thing the republicans did by not letting the blacks vote.

Now the shoe is on the other foot. in the Pennsylvanian state senate race in Philly. Although I do not hear the liberals or President Clinton complaining that the democrats in Phila. did not let a minority group the hispanics vote the way they wanted to. They forged signatures, used names to vote of people in prison + other federal election violations. Where is President Clinton + the national press?

On Friday Journalist Roundtable a caller asked why the Pa. election has not been reported. Andrea Mitchell of NBC said yes it has

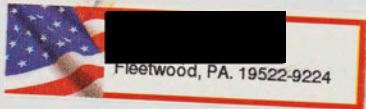

(2)

not been covered enough, but then she just dropped the subject. Why didn't she or any of the others on the panel talk about it? Why didn't you? There is a complete double standard when the Democrats are caught doing voter fraud. This was not just a small election in Pa it determined who controls the State Senate + the purse string. I would like to see C-SPAN do a show or please talk about it on Mondays Events in the News or Fridays Journalist Roundtable.

Also one other thing I would like to say is why are the liberals complaining about the Florida citrus commission buying air time on the Rush Limbaugh show. They did not pay him to be a sponsor they are just buying air time on his program like they do on ABC, NBC or CBS. The liberals just can't stand Rush tells the truth about some of the things they do.

In closing this is my fax to C-SPAN + I hope you take up the Pa. election on your show + ask why there is a double standard when the democrats are caught with their hands in the election cookie jar. Keep up the good work.
