Dear Sir / Madam:

This morning you broadcast a speech by  
the Governor of Hong Kong with <sup>introductory</sup> commentaries.

It seems if your purpose is to give the audience  
a balanced view, you should acquaint your  
audience with the cause and history of the Opium  
War that resulted in the ~~cession~~ cession of Hong  
Kong by China to Britain. Most Americans are  
not familiar with ~~of~~ that historical episode. Do you  
not agree?
