Dear sir

First: Thank you for
making the hours between
10 P.M. and 6 A.M. available.

By and large your
audience is above average
intelligence, but of course
such people hold, & discuss,
very wrong ideas -

BTW (and me) I am
I am a little (90 lbs)
old (90 yrs) Blind (I can't
see the word I have written
here) Crippled woman.

My very serious pur-
sue in writing this is
to nominate the President
of Iraq for the Nobel
Peace Prize (and he) are
deadly serious.

Don't go away - just
listen! "He has just
put a "Hold" on a
"War" that was headed for
Armageddon:-

By pulling the Retainers,
out of or what ever
the strategic targets
i.e. the atomic plants, the
poison gas plants, the air
bases, the weapons plants

3 he has tied the hands
of the "Greatest Power on
Earth" in a lame twist.

(If he is half as smart as I
am he would do "in title" a
dozen or so of the most
prominent of the Americans
to reside in the President's
palace.

This would be the best life
insurance deal since George
Bush named Dan Quayle
his running mate. Now
anyway, we are now
at a stalemate. Probably
there will be a few hundred
casualties from heat
prostration and that will

I guess til the snow flies.
The polls show that
this nation of bullies
being totally ignorant
of the enemy it faces and
being used to quick
glorious victories a la
Granada and Panama well
after many weeks at a
billion or so a week - will
grow weary of their
pro 5 "But all more than
he can chew" but as you
anyway how do you
like my scenario?
