RE: Robert Kennedy Memorial Mass

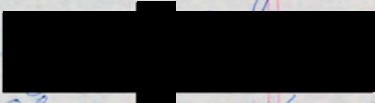

I cannot believe you devoted almost 3 hours to this supposed "mass" — which really was turned into a political platform! (Especially for R Joseph Kennedy).

I am not against a simple memorial mass for Robert Kennedy, but this was a political "production" — with C-Span's blessing. GET REAL!

How about spending your time and money to film a "day in the life" of migrant farm workers? Or Appalachia? Or inner-city Denver? What we get is a "political mass" or "MacDonald's capitalism" in Russia — GET REAL!

assassinated C-Span's political, capitalist "agenda" is not neutral and not unbiased! If John F. and Robert F. Kennedy had not been ~~assassinated~~ (and were around) history may be treating them a bit differently — not so gloriously and not so mythic! (You don't know — keep this in mind. Heroes (if you view them over 40-50 yrs of leadership) often have clay feet. Remember that.)

who is C-Span responsible to, what are
the legal guidelines, who runs it?
why don't you answer, why don't
you inform the public — supposedly
C-Span is "offered as a public
service" by the cable companies,
what public service — Cato says ??

why don't you
provide information
on the above
questions to all
viewers ???
