Dear Mr. Lamb,

I am ~~whina~~ ~~whemijio~~, from Lemoore CA. I went to Washington D.C. in January 24, 1993 with the Close-Up Program.

I enjoyed all the things that the staff did for all of us, we learned about the government of the United S. We visited many important places. The place most important that I liked was the "Capitol". I won't never forget all the support that all of you gave us students.

This was a great opportunity to know the United States government.

I am writing this letter because, I appreciate the support that you gave the Close-Up program. I hope that all the students that will go to Washington D.C. enjoy the trip, and appreciate this special opportunity that you gave to all "New Americans".

"Thank you very much for your support!"

Sincerely Yours,
