APR 18 1990

In December I sent you a
check for Common Sense - The
check has cleared the bank
but I have not received the
book - I am not concerned
about the \$500 (I get that
much information each day
watching your Channel. I think
every school should make it
available to their students) but
I enjoyed watching Parliament
on opening day and am so
interested in English history -
I want to read the information
about it.
