Dear Susan,

First, let me say that we watch C-Span daily and we're grateful for the wonderful service all of you provide.

I'm writing concerning your Monday morning in which Mr. Tyrrell appeared.

I recognize that he is all wise when it comes to denigrating those whom he doesn't like, but to short from  
The thing like he's all knowing  
does little to add to

his credibility.

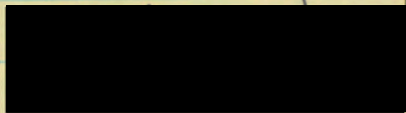

I refer to his comment concerning H. Ross Perot, when the subject of a threat to Mr Perot's life. He just laughed it off as Mrs Perot's imagination made up by him for whatever reason.

Had he read the morning papers, he would have known that the FBI did tell him that they had a report that he was the target of a plot to assassinate him.  
I believe that

Mr Tyrell owes Mr  
Barot an apology

Enclosed is an  
article which appeared  
in the local paper today.

Sincerely,

P.S. Do you have a  
FAX # available to  
us.?
