Brian,

We no longer have a representative government. They all know what Bush is doing and say nothing. We no longer have a free press, or a free media except for you.

The devil reigns; Hitler lives in the White House. Bush has his ultimate solution for minorities.

Truly God has deserted us. All the media on the major networks has been aimed toward brutalizing us, undermining our values, making

Nazis "cute" - see Laugh-In, having Polish jokes when they are one of the best people on earth. It started

at Yalta & the Zionists
& super capitalists have
control & are ruthless.

Where can we turn,
Brian? The U.N. was bought,
we have no allies. All
the Axis powers will
have their revenge.

Who sold us? Why are
we in ruin?

I am writing to
you because soon our
mail will be censored
and I want you to
know you mattered.
