

April 27, 1994

C-SPAN:

WHO is Jules Witcover?

On your coverage of the President Nixon transfer to California shown April 27, you had this Witcover as background commentator.

His remarks were highly inappropriate on such an occasion. Mr. Nixon was an enigma to almost everyone- but on this occasion it is time to "lighten up" and quit bashing the man. Is Witcover so perfect that he can criticize another person he seems to not agree with?
