Dear Sirs:

We will be operating a Broadcast and Cable TV station in the Subic Naval Base which is being turned over by the U.S. Government to the Philippine Government by December 16, 1992.

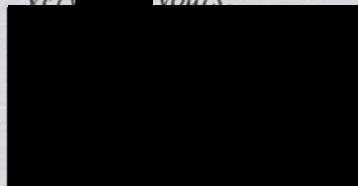

Our proposal is to take over the existing FEN TV and Cable Network. It has a range of 100 miles and proposed 500,000 subscribers.

We need TV programs and Cable TV programs in a U-matic cassette format. We also intend to subscribe from CNN, INTELSAT, NKK, BBC, and others to augment the programming.

We also would like to complement the TV and cable TV system with an AM/FM radio station.

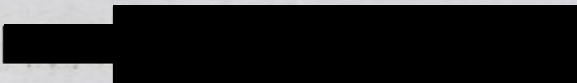

In this connection, please send us any material, program or new feature that may be needed in our proposed projects. Please fax reply, if possible, to [redacted]

Very
yours
