Dear Brian -

I think the C-span series on presidents is great. HOWEVER - this morning I called the principal of our local school (K thru 8) to offer my videos of the series to any interested teacher to see. He thought the series concept was wonderful but he never

heard of it.

I think it would be a real service if you ran spots, through your programming encouraging us who enjoy them to spread the word to our school principals. These programs deserve all the viewers not free at 9:00 AM Monday. Thanks for your vision.
