Mr. Brian Lamb,

Kudos to C-Span. Your programming represents the best of television.

I am however disappointed in the fact you 1) repeated the Holocaust Memorial to often 2) televised the entire Gay and Lesbian Gathering.

Both events deserve coverage in general and both events were covered very well by other media. I look to C-Span for issues of government and governing. C-Span is at its best when it is focused on these issues.

Three issues are of particular interest to me;

- 1) Government - Legislative reform
- 2) Taxes - Spending - Deficit Red.
- 3) U.S. Foreign Trade

I would like to suggest a quest for your "Booknotes" segment.

Rat Choate - "Agents of Influence".

Having read his book and listening to other debate on the politics of influence I find intense interest. I'd love to see him in a forum to discuss issues related to trade.

Yours Truly,

P.S. Very disappointed that you failed to have Ross Perot covered during his last 2 appearances before Congress. [REDACTED]
