C. Span I

your coverage of Richard
M. Nixon. departure from
New York - arrival El Tor
California was excellent -
no commercials - my
complaint was your choice
of guest commentators -
especially - M^c what ever
from the Washington Post
I have never heard
(exception 1973-74) more
biased CRAP out of a
mouth of an "alleged"
news paper reporter.
Perhaps this type of
reporter is why the
general public feels most
reporters are "less than
honorable" human beings!
(over)

President Nixon was
an excellent President
the best man in our
Oval Office for that
time period.

God Bless Him.

Sincerely
