

C. Span, Will you please
let the Democrats have their
say, and finish one word, or a
cotton pickin' sentence, with-
out being interrupted by
hoggish, rude, time consuming
speech-making, right wing,
extremist, aggressive Republicans.

They don't completely, totally,
and utterly own the airwaves,
do they? (We pay our cable bills
same as these mean-spirited
regarding cheapos). Fairness counts!
